**Waza Ka Woodle is a
crazy noodle.**

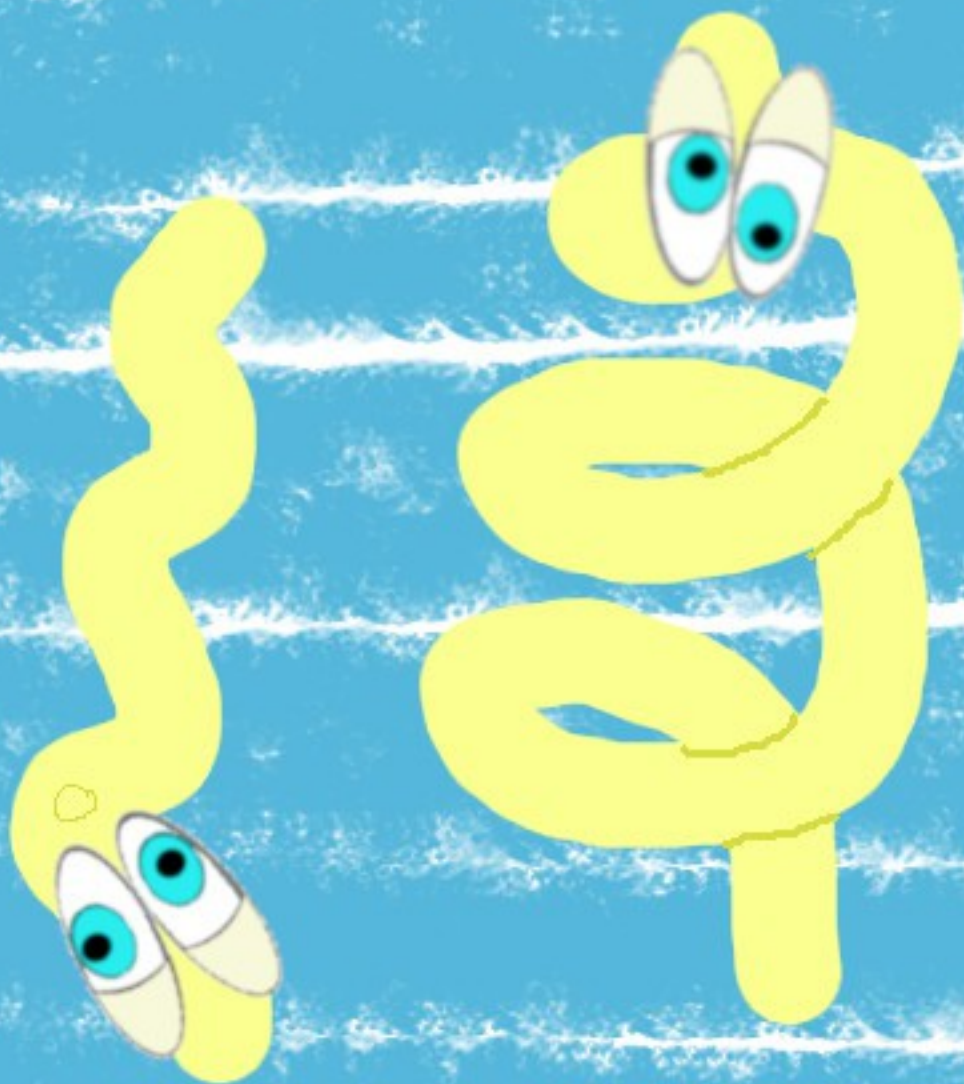

**He shapes himself into
A, B, C and D.**

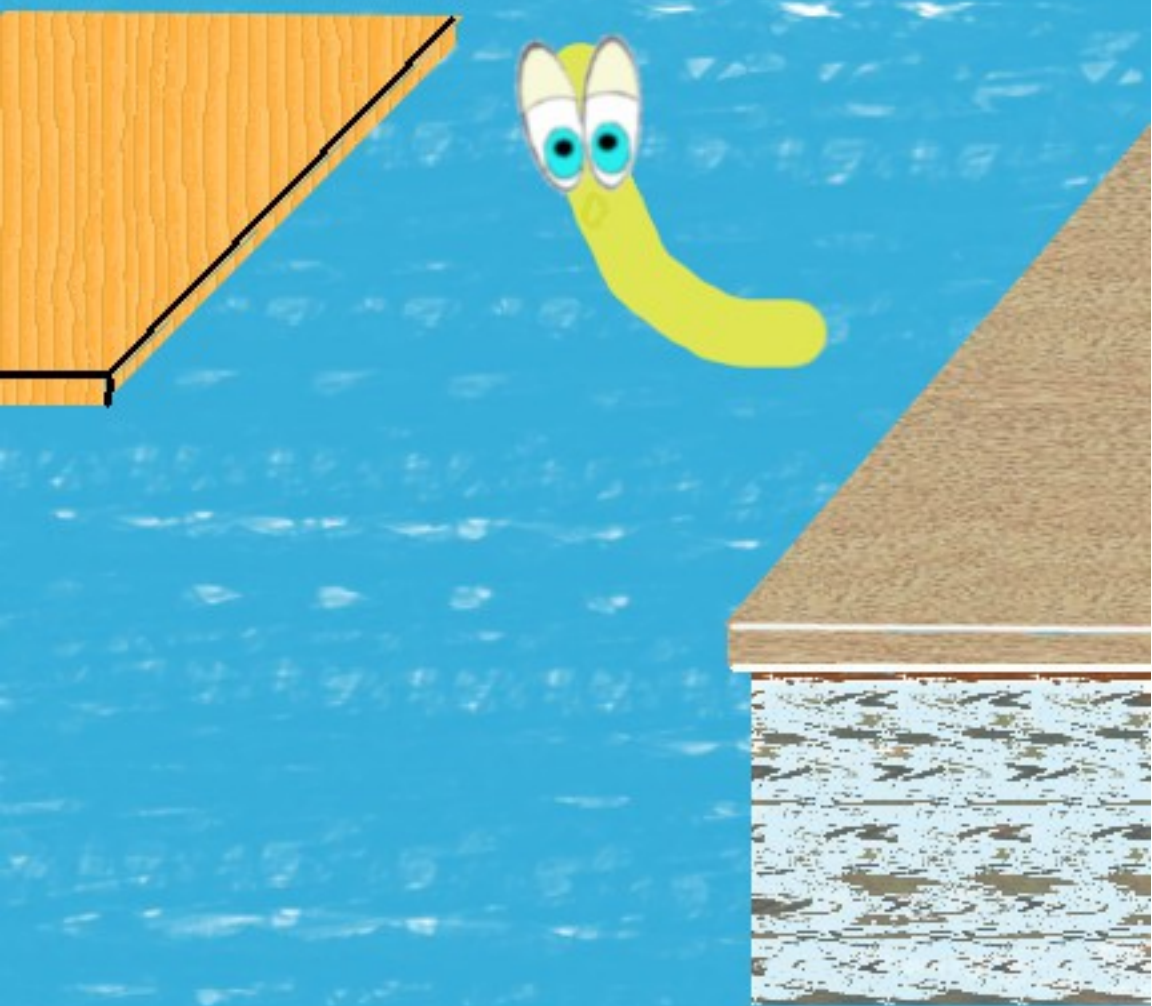

And changes into 1, 2
and 3.

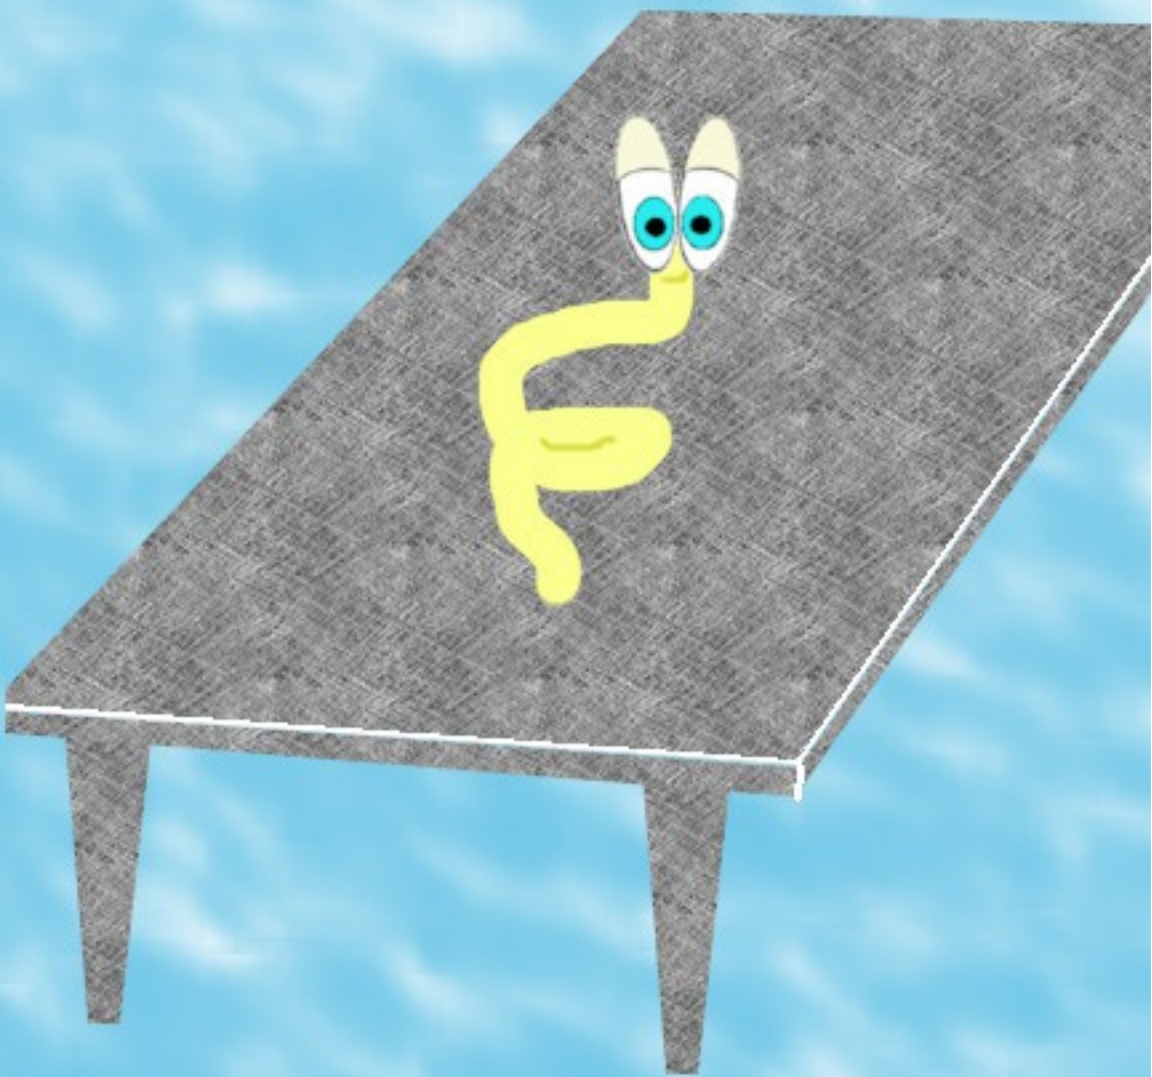

**He can jump and hop
and pop and flop.**

And spin and spring.

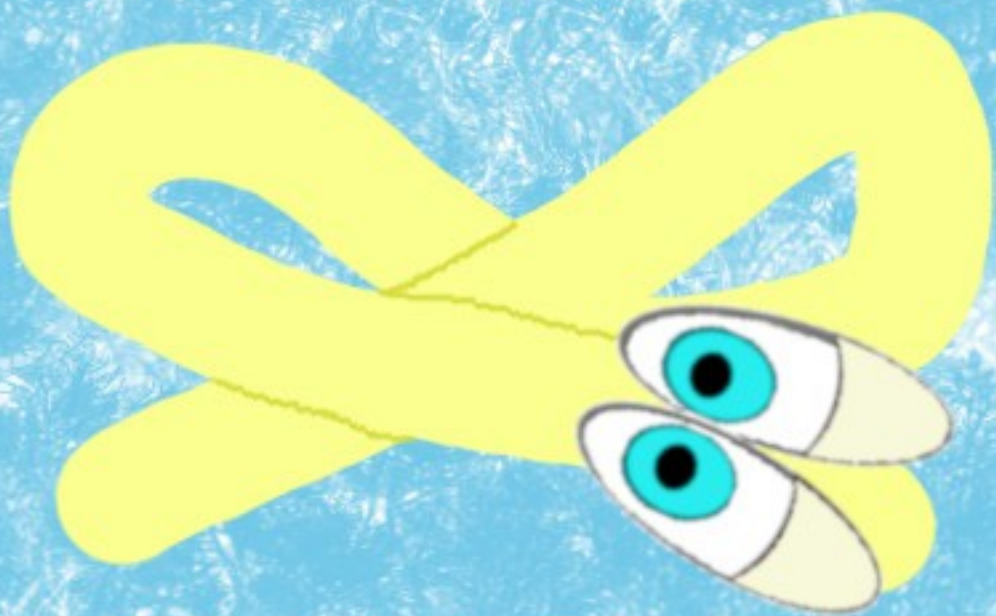

**And sometimes fling himself
from the counter to the shelf.**

**He likes to dance about
across the table.**

**And show all around him
that he is able,**

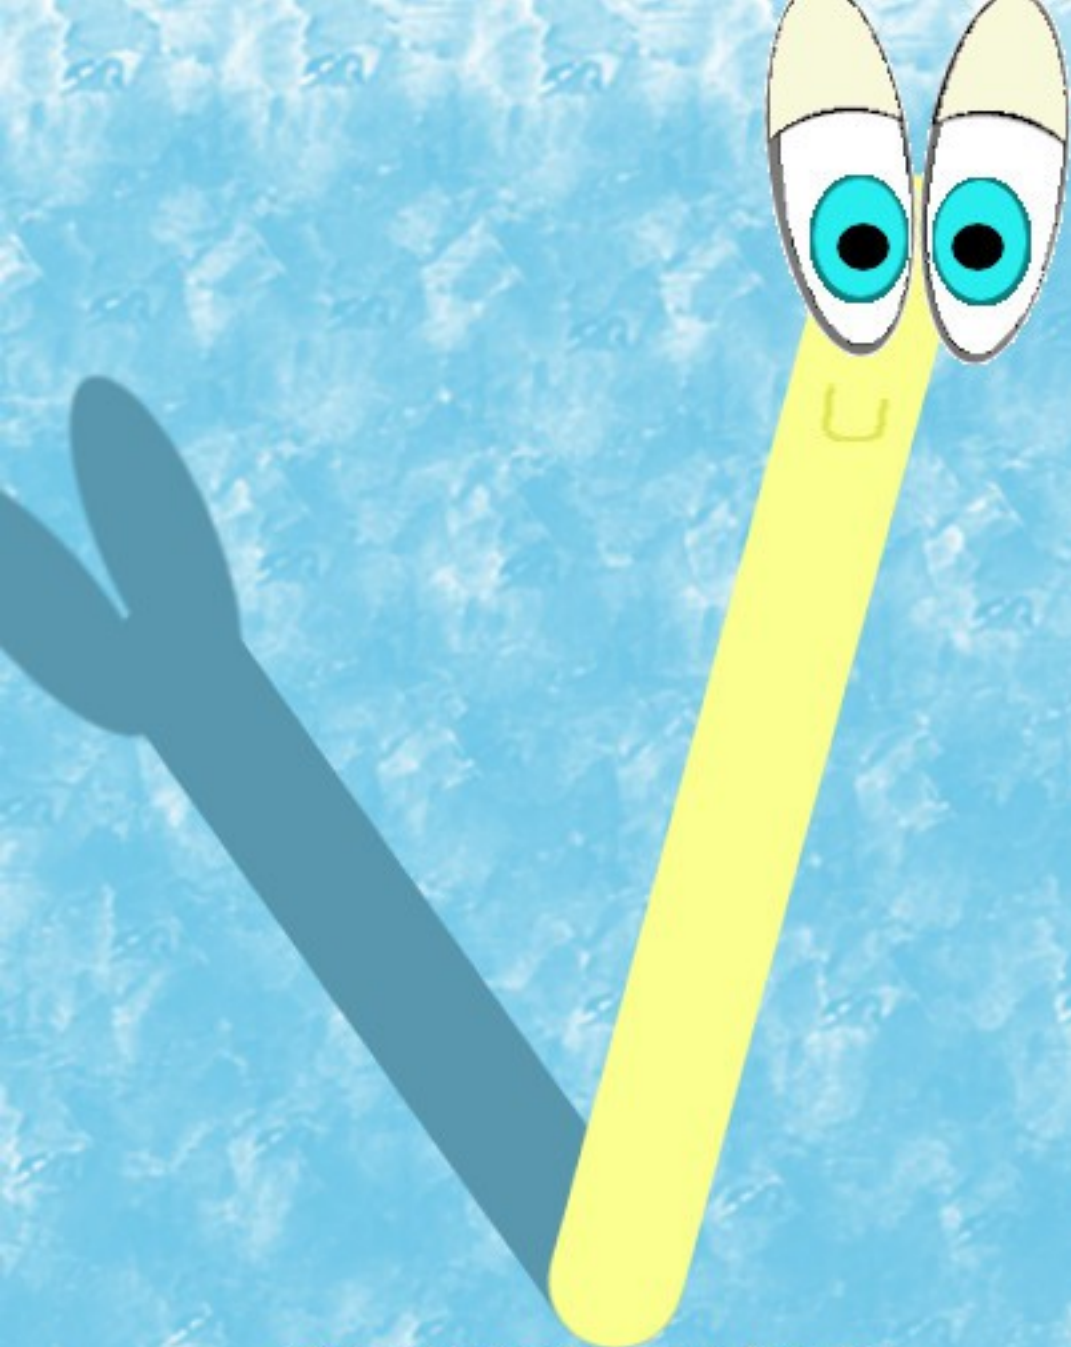

To tie himself into a bow.

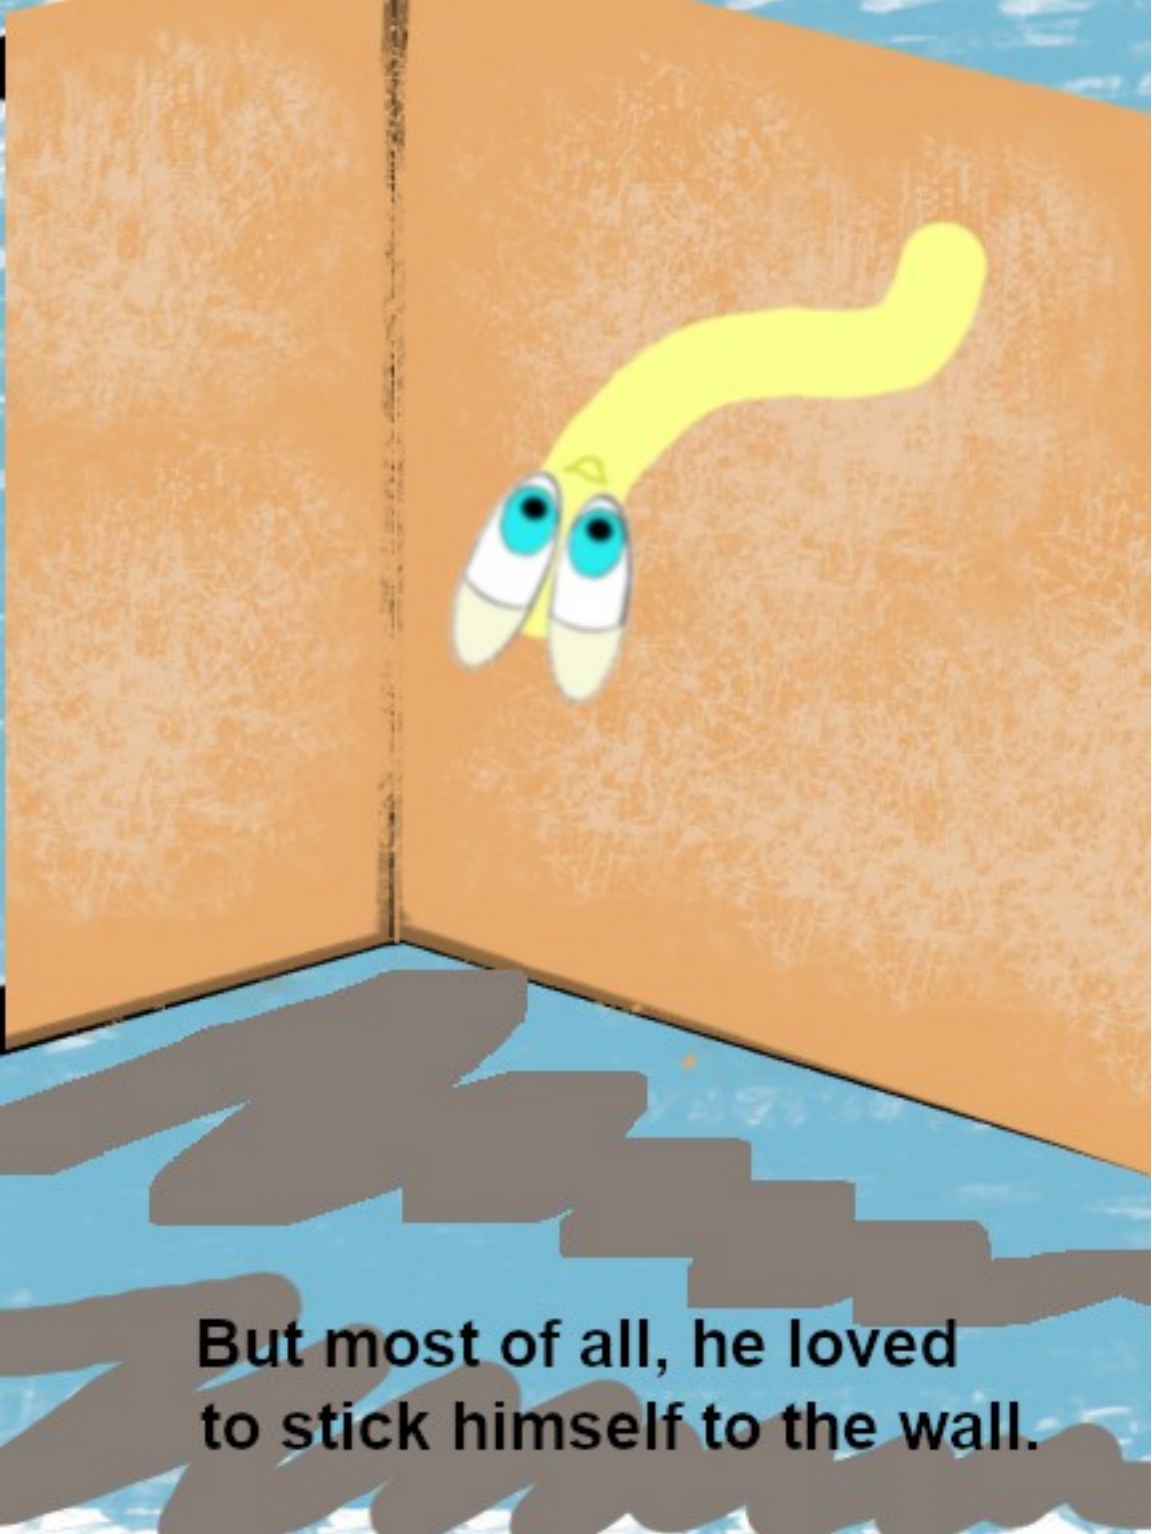

Or like a snail, move real slow.

**And shrink up like
a little ball.**

**Or stretch out long
just like a straw.**

**But most of all, he loved
to stick himself to the wall.**

**More Waza Ka Woodle
adventures coming soon.**

**Thank you for reading.
